## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-8 are allowed.

The following is an examiner's statement of reasons for allowance:

There is no teaching or suggestion in the art of record disclosing a method of making a device having nanotube memory elements comprising the step of forming a trench between gates of adjacent transistors of a predefined set of transistors followed by providing a defined pattern of nanotube fabric over at least a horizontal portion of the structure and extending into the trench, wherein the nanotube fabric is suspended in accordance with the limitations of claim 1. Therefore, independent claim 1 is deemed allowable along with its dependent claims 2-8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
